Petition to Keep Mitcham & Morden United

We the undersigned residents of Mitcham & Morden ask you to think again. We believe your plans for our area are confusing and unworkable. They break your guidelines for keeping communities together and respecting Borough and long term parliamentary boundaries. We are a community with long term historic links and needs and we are more likely to thrive if we are kept together. Thank you for consulting us on this issue we hope you will keep us together.
